

Photocopy Sheet for Driver's License

Attach photocopies of your Driver's License.
Use the "Enlarge" setting or "150%" setting to make the copies.

We don't need the back unless it has an expiration date extension sticker.

Attach an enlarged photocopy of the front of your driver's license here.

Driver's License
Front

*Attach an enlarged photocopy of the back of your driver's license here,
but only if it has an expiration date extension sticker.*
