

Camp Echo Kybo Showers

The shower stalls we added to Kybos East and West last year were a big hit with both staff and campers. Unfortunately, Kybos North and Way North are too small to fit stalls. We hope to be able to expand the buildings in the future (\$12,500 each building plus stalls). Meanwhile, we've added low-cost, functional, curtain-based faux shower stalls to Kybos North and Way North that will allow the campers on the hill and our teen program participants to have some privacy.
